

Solutions delivered through Microsoft Power BI. Reports designed with Ofsted in mind.

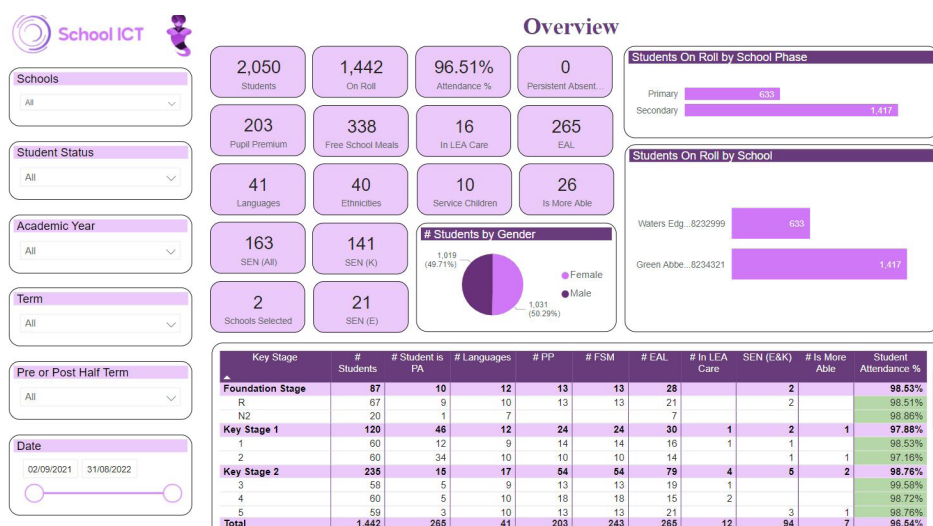

Bringing your MIS data to life...

Reports designed to help you to: -

- **Save valuable time** - creating solutions which are easy to use and ready to view
- **Develop reports to transform your data** - into meaningful, visually rich presentations
- **Create Module specific reports** - to enhance reporting on specific areas e.g. Attendance, Behaviour, SEN or Staff
- **Health-check the data recorded**
- **MAT level reporting and dashboards**

Overview Dashboard Example:

Working with your school or trust, our dedicated Power BI Consultant will work with you to create bespoke dashboards, tailored specifically to your establishments needs.
